

# Fabric Facade

— *Second Facade Skin* —

**AESTHETICS + SOLAR PROTECTION + VISION + DAYLIGHTING**

# Why fabric facade over building?

- Fabric facades improve aesthetics for functionality of building
- Fabric facade creates identity to building with 3 dimensional design possibilities adding little weight to building.

## What is fabric facade?

- It is made of perforated, light weight, high strength, composite textiles.
- Designed with advanced design techniques.
- Installed with specialized custom built hardware.

### Advantages of using fabric facade:

- Light weight
- Printable (Media Solutions)
- Fast installation.
- 3D forms
- Long life

## Applications

SECOND SKIN OVER GLASS FACDES
